Procedure: Dust Mop area.
Remove any stickers, labels or dried soil with scraper.
Place wet floor signs.
Hand mop areas auto scrubber can't reach with neutral cleaner.
Empty bucket when water becomes soiled.
Auto wash area with restorer starting at wall and moving toward center of area.
Scrubber should be operated with squeegee and pads in down position. Solution and vacuum on.
Burnish area when floor is dry.
Dust mop if burnisher does not have dust control.
Remove wet floor signs.
