**Procedure:** Vacuum area thoroughly  
Place wet floor signs, pay extra attention to areas that meet tile.  
Using pump or electric sprayer and dampen carpet with bonneting cleaner, Pre moisten Bonnet before use.  
Concentrate more on traffic areas; do not over spray on baseboard or hard surface floors.  
Place bonnet on floor machine and begin bonneting carpet by making overlapping circles in a row side to side.  
When a row is complete take a half step back and continue procedure until all carpeting has been cleaned.  
Flip bonnet every 100 square feet (10x10)  
Replace bonnet when it becomes soiled  
Remove wet floor signs after carpet is dry  
Launder bonnets after each use
